

# A Frog's Life Cycle

Hind leg	Front leg	Webbed foot
trunk	mouth	eye

CLASSIFICATION

A square illustration of a black frog in profile, facing left. The frog is set within a decorative frame with a light green background and a black border. The frame is adorned with stylized green leaves and smaller frogs in the corners. The word "CLASSIFICATION" is printed in black, uppercase letters above the illustration.

DIET

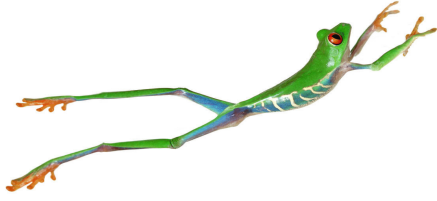

A detailed illustration of a fly, shown from a top-down perspective. The fly has a black body, yellow eyes, and translucent wings with visible veins. The word "DIET" is printed in black, uppercase letters above the fly.

# Habitats

Accordion fold

Predators/Hazards

A vertical stack of five empty hexagonal panels, designed for an accordion fold. Each panel is a regular hexagon with a black outline, intended for students to write down predators or hazards related to the frog shown in the top panel.
